

JANGHO YANG

University of Waterloo, 200 University Avenue West, Waterloo, ON N2L 3G1
j634yang@uwaterloo.ca

PROFESSIONAL SUMMARY

My research focuses on technological change, productivity dynamics, and firm innovation, integrating information theory, Bayesian modeling, and distributional analysis. I hold positions at the University of Waterloo and the University of Oxford.

CURRENT POSITION

Associate Professor, University of Waterloo *2026 - Present*

Department of Management Sciences, Faculty of Engineering

- *Assistant Professor*, University of Waterloo, 2020 - 2026
- *Affiliated Member*, Waterloo Data and Artificial Intelligence Institute
- *Affiliated Member*, Waterloo Institute for Complexity and Innovation

Research Associate, University of Oxford *2020 - Present*

Institute for New Economic Thinking at the Oxford Martin School

- *Research Associate*, Institute for New Economic Thinking at the Oxford Martin School

PREVIOUS ACADEMIC POSITION

Postdoctoral Research Fellow, University of Oxford *2018 - 2020*

Oxford Martin Programme on Technological and Economic Change

Institute for New Economic Thinking at the Oxford Martin School

EDUCATION

Ph.D. in Economics *2015 - 2018*

New School for Social Research, New York, NY

Dissertation Title: “Essays on the Statistical Equilibrium Model of Technical Change”

Dissertation Committee: Duncan Foley (Chair), Paulo dos Santos, Mark Setterfield, Deepankar Basu

Master’s in Economics *2013 - 2015*

New School for Social Research, New York, NY

Bachelor in Western History *2005 - 2010*

Seoul National University, Seoul, Korea

RESEARCH INTERESTS

Economics of technological change; productivity distribution and firm-level dynamics; information-theoretic approaches in economics; Bayesian multilevel modeling; power-law patterns in economic data.

TEACHING EXPERIENCE

Department of Management Sciences, University of Waterloo: *Quantitative Data Analysis*; *Statistical Methods for Data Analytics*; *Engineering Economics: Financial Management for Engineers*

Department of Economics, New School for Social Research: *Advanced Econometrics* (TA and lab consultant , Fall 2017, Spring 2017, Spring 2016)

1. Ilan Strauss, **Jangho Yang**, and Mariana Mazzucato, “Rich-Get-Richer? Analyzing Content Creator Earnings Across Large Social Media Platforms,” *Industrial and Corporate Change* (forthcoming).
2. Ilan Strauss, **Jangho Yang**, Tim O’Reilly, Sruly Rosenblat, and Isobel Moure (2026), “The Attribution Crisis in LLM Search Results: Estimating Ecosystem Exploitation,” *Data & Policy*. DOI: 10.1017/dap.2026.10064
3. Ilan Strauss and **Jangho Yang** (2026), “M&A as Capability Building: Patent Evidence from Big Tech,” *Applied Economics Letters*. DOI: 10.1080/13504851.2026.2651435
4. Bonwoo Koo, **Jangho Yang**, and Brian D. Wright (2025), “Protecting Intermediate Innovations When Ideas Are Scarce: Patents or Secrecy?,” *Journal of Economics & Management Strategy*. DOI: 10.1111/jems.70001
5. **Jangho Yang**, Brian Cozzarin, and Torsten Heinrich (2025), “Productivity Dispersion and Investment Slowdown in Canada,” *Journal of Evolutionary Economics*. DOI: 10.1007/s00191-025-00891-z
6. **Jangho Yang**, Torsten Heinrich, Julian Winkler, François Lafond, Pantelis Koutroumpis, and J. Doyne Farmer (2024), “Measuring Productivity Dispersion: A Parametric Approach Using the Lévy Alpha-Stable Distribution,” *Industrial and Corporate Change*. DOI: 10.1093/icc/dtae021

3. Sujung Jee, **Jangho Yang**, Torsten Heinrich, and Kejia Zhu, “Gendered Effects of Remote Work on Knowledge Workers: Evidence from Inventors,” *Under Review*.

* indicates a paper coauthored with a student.

RESEARCH GRANTS

New Frontiers in Research Fund - Special Call. \$241,500 CAD. Feb 2023 - Jan 2027 (with one year automatic extension).

PI: **Jangho Yang**. Co-PIs: Su Jung Jee, Torsten Heinrich, Kejia Zhu.

UW-SSHRC Explore Grant. \$7,000 CAD Jan 2023 - Dec 2024 (with one year automatic extension).

PI: **Jangho Yang**.

International Research Partnership Grant, University of Waterloo. \$20,000 CAD. Mar 2022 - Feb 2023.

PI: **Jangho Yang**.

Economic Security Project. \$25,000 USD. Mar 2022 - Feb 2023.

PIs: **Jangho Yang** and Ilan Strauss.

Treasury Board Secretariat, Canada. \$27,000 CAD. Mar 2022 - Feb 2023.

PIs: **Jangho Yang** and Brian Cozzarin.

Starter Grant, University of Waterloo. \$45,000 CAD.

SELECTED CONSULTING AND ADVISORY WORK

Short-Term Consultant, World Bank

2023 – 2024

Conducted empirical analysis of climate-related uncertainty and its effects on firm investment behavior, drawing on firm-level panel data and econometric modeling.

AWARDS

Edith Henry Johnson Memorial Award in Economics, Civil Affairs, And Education 2018
awarded for the dissertation “*Essays on the Statistical Equilibrium Model of Technical Change*”

Eugene Lang College Social Science Fellowship

2017-2018

Outstanding Graduate Student Teacher Award

2016

SUPERVISION

Current PhD Students

(Co-supervision indicated by names in parentheses)

Yue Qiao (Bonwoo Koo), Management Science and Engineering, Jan 2026 – Present
Sepideh Khalaj, Management Science and Engineering, Aug 2025 – Present
Jihae Hwang (Stan Dimitrov), Management Science and Engineering, Aug 2024 – Present
Ho Yi Wong (Bonwoo Koo), Management Science and Engineering, Aug 2024 – Present
Julia D'Alessandro (Bonwoo Koo), Management Science and Engineering, Aug 2023 – Present
Wendy de Gomez (Kejia Zhu), Management Science and Engineering, May 2023 – Present
Bolaji Vincent (Stan Dimitrov), Management Science and Engineering, Sep 2021 – Present

Current MASc Students

Yuhan Zhang (Kejia Zhu), Management Science and Engineering, Aug 2024 – Present
Edward Jeong (Kejia Zhu), Management Science and Engineering, August 2025 – Present
Eugene Kayal, Management Science and Engineering, Jan 2025 – Present

Previous PhD Students

Kirsten Wright (Sean Geobey), Systems Design Engineering, Sep 2021 – 2024 (Graduated)

Previous PhD Students

Lida Ghasemi (Stan Dimitrov), Management Science and Engineering, May 2023 – 2025 (Graduated)

CONFERENCE PRESENTATION

2025 Canadian Economic Association, Montreal, Canada
2024 Info-Metric Workshop, Washington D.C., US
2023 Canadian Economic Association, Winnipeg, Canada
2022 Canadian Economic Association, Ottawa, Canada
2019 Nuffield College Postdoctoral Seminar, Oxford, UK
Workshop on Economic Science with Heterogeneous Interacting Agents, London, UK
International Input-Output Conference, Glasgow, UK
Eastern Economic Association Conference, New York, US
2018 European Association for Evolutionary Political Economy, Nice, France

PROFESSIONAL SERVICE

Editorial Service

Guest Editor, European Physical Journal Special Topics

Co-editing the special issue on “Maximum Entropy Economics: Foundations and Applications,” 2021, with Ellis Scharfenaker.

Referee Service

Oxford University Press, Journal of Economic Growth, Cambridge Journal of Economics, OMEGA, Journal of Post Keynesian Economics, Economic Systems Research, European Physical Journal Special Topics, Metroeconomica, International Review of Financial Analysis, Structural Change and Economic Dynamics, Journal of Economic Interaction and Coordination, Journal of Evolutionary Economics, Review of Social Economy, Sustainability, Big Data and Cognitive Computing
